Hi @Shane,

Please see below for my questions/comments:

- Statement of Operations
 - **[Formatting]** “Infrastructure” is misspelled twice

-
- FNs
 - **[Formatting]** I believe this should be “was formed as a Cayman...”

 -
 - **[Formatting]** These two words together look/sound weird when reading, should we remove “companies”?
 - Understand that this was in 2024 AFS FNs, but just sounds weird on the tongue...
 -

Otherwise looked good and approved to send once updated. No need to resend to QC.

Please let me know if you have any questions.

Kind Regards,
Elliott
