Hi @Antonio,

Please see below for additional questions/comments:

- **[Rollforward]** Due to BS rounding changes for client comment LOC to be \$50M, we need to rerun/refresh the SCF
 - **Advance for bridge financing** s/b (48,520,014)
 - **Line of credit repayments** s/b (57,126,241)
 - Combined LOC change should then become 7,873,759

◦

-
- **[Formatting]** Please fix spelling of “interest”
 -

- **[Formatting]** Believe we need to add a period after the “S” in “U.S.”

-
- **[Rollforward]** For the FMV table, the total no longer matches

-
- Looks like we need to fix the purchase in the bottom table to be 17,916,661; which matches to the SCF purchase #
- **[Formatting]** Please update “de mimimus” > “de minimis” in the below sentences

-
- From google searches, there is no other form of “de minimis”

-
- In 2024 AFS, it looks like both had been used/not caught

- - **[Formatting]** The 6/30/2025 Combining Statement #s has the wrong date

- - **[Formatting]** Last page # has an error

○

Kind Regards,
Elliott
