Notes to Financial Statements

June 30, 2025

(Dollar amounts in thousands)

(Unaudited)

Note 1 - Organization:

Apex Aviation Capital Feeder 1 (Cayman), L.P. (the "Fund") was formed as a Cayman Islands exempted limited partnership on January 1, 2022. The Fund commenced operations on January 15, 2022 and invests all of its assets in Apex Aviation Infrastructure Capital Partners, L.P. (the "Master Fund") in exchange for a proportionate interest in the net assets of the Master Fund. The Fund registered with the Cayman Islands Monetary Authority following the enactment of the Private Funds Act. As of June 30, 2025, the Fund's investment in the Master Fund amounted to 75.0% of the Master Fund's net assets. As of June 30, 2025, 98.0% of committed capital in the amount of \$47,530 has been contributed to the Master Fund.

The Fund's Amended and Restated Limited Partnership Agreement, dated January 1, 2024 (as it may be further amended or restated from time to time thereafter, the "Agreement"), was entered into among Apex Aviation Capital Partners GP, LLC, a Delaware limited liability company, in its capacity as the general partner of the Fund (the "General Partner"), and the Limited Partners of the Fund. The General Partner of the Fund makes all decisions and has exclusive responsibility for management of the Fund.

The primary objective of the Master Fund is to realize substantial capital appreciation without subjecting principal to undue risk. The Master Fund will seek to achieve this objective primarily by making investments in corporations, partnerships, limited liability companies and other similar entities that focus primarily on the aviation infrastructure industry. Within the aviation infrastructure industry, the Master Fund will primarily focus on hard assets and operating companies, such as airports, regional fleets, fixed-base operators, hangar facilities, and other related transportation assets.

The financial statements of the Master Fund should be read in conjunction with the Fund's financial statements. Each entity invested in the Master Fund is invested substantially on the same terms and conditions and is allocated a proportionate share of the Master Fund's gains, losses and expenses based on its respective interest in the Master Fund.
